Primary Examiner
Art Unit: 3721

The following is an examiner's statement of reasons for allowance: The prior art does not show the combination of an assembling machine and a packaging machine that feed a series of attached bags having end seals to the assembling machine and which assembling machine comprises a jaw assembly with movable jaws that secure the bags at one end seal to a flexible strip and a cutting blade mounted on and movable relative to the jaws which assembly and blade cuts the bags and separates them into sets of a plurality of desired number of bag for each set and attaches each set of bags to the strip by respective one of the end seal areas. The prior art shows a sealing assembly that attaches single bags to flexible strips and does not show an assembly that attaches and cuts, or is capable of attaching and cutting, sets of bags to the strip or the attaching each set of bags at a respective one of the end seals to the strip.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
